1. Authentication, Subdomain Resolution & Tenant Setup

SECURITY & ACCESS

WHERE TO USE

Route: /login
Subdomain URL:
http://[tenant].localhost:3000/login

WHEN TO USE

Daily staff check-in, onboarding new staff/students, switching roles, or tenant initialization.

WHY TO USE

Guarantees strict tenant data separation, encrypted JWT session cookies, and role-scoped dashboard routing.

- 📄 Step-by-Step Standard Operating Procedure (SOP)
- 1

Open browser and navigate to http://localhost:3000/login.
- 2

Enter your Institute's assigned **Subdomain** (e.g., demo).
- 3

Enter your registered email address and password. Click **Sign In**.
- 4

Upon authentication, you are redirected to your role portal: Owners to /dashboard, Counselors to /Leads, Tutors to /batches, and Students to the Student Portal.

2. Executive Dashboard & Real-Time Business Analytics

ADMIN & OWNER

📍 WHERE TO USE

Route: /dashboard
Primary Sidebar Menu

🕒 WHEN TO USE

Daily morning executive check-in, weekly sales review, and monthly board audits.

💡 WHY TO USE

Provides 360-degree real-time visibility into revenue, pending fee dues, lead conversion rates, and batch attendance.

Key Executive Metrics & Operational Controls

- **Total Revenue Collected:** Real-time sum of all settled payments for the month and fiscal year.
- **Pending Fee Dues:** Live aggregate of unpaid invoices past due date. Click to navigate directly to unpaid invoices.
- **Sales Funnel Conversion:** Conversion percentage tracking inquiries from New to Enrolled.
- **Batch Attendance Health:** Visual indicators highlighting course batches with attendance below 75%.

3. Sales Leads & CRM Pipeline (8-Stage Kanban)

COUNSELOR & CRM

WHERE TO USE

Route: /Leads
Sales & CRM Navigation Section

WHEN TO USE

Whenever an inquiry arrives via phone, website form, walk-in, or social campaign.

WHY TO USE

Eliminates lost inquiries, tracks follow-up dates, measures counselor productivity, and enables 1-click admission conversion.

- Kanban Pipeline Stages Detailed SOP**
- 1

Capture Lead: Click + **Add Lead**. Enter Candidate Name, Phone Number, Target Course (e.g. *Class 12 NEET*), Lead Source, and Priority.
- 2

Pipeline Progression: Drag lead cards across 8 stages: New → Contacted → Interested → Demo Scheduled → Demo Done → Negotiation → Enrolled → Lost.
- 3

Follow-Up Drawer: Click any lead card to open the Lead Drawer. Log call notes, set reminder alerts, and send course brochures.
- 4

1-Click Conversion: When a student enrolls, click **Convert to Admission** to automatically pre-populate their data into the Admission Wizard.

4. Admissions & Document Verification Wizard

ADMISSIONS & ONBOARDING

📍 WHERE TO USE

Route: /admissions
Admissions Management Section

🕒 WHEN TO USE

When student enrolls, reviewing submitted ID documents, and assigning course batches.

💡 WHY TO USE

Validates student eligibility, auto-generates official Student IDs, and links to fee billing plans.

📄 Admission Approval SOP

- 1 Open /admissions to review pending applications converted from sales leads.
- 2 Verify student photo, parent contact numbers, ID proof documents, and previous school marksheets.
- 3 Select target **Batch** and **Fee Template**. Click **Approve & Register**.

5. Student Master Directory & Profile Management

STUDENT MASTER DATA

WHERE TO USE

Route: /students
Student Directory Navigation

WHEN TO USE

Looking up student contact info, checking fee dues, viewing academic attendance and exam history.

WHY TO USE

Centralizes 360° student records including personal, academic, attendance, and financial history.

Student Profile Lookup SOP

- 1

Go to /students and use the search bar to find students by Name, ID, or Batch.
- 2

Click on any student row to view their full profile: Batch enrollment, Fee dues, and Exam reports.

6 & 7. Batch Management & Classroom Session Timetables

ACADEMIC TIMETABLE

📍 WHERE TO USE

Routes: /batches & /sessions

🕒 WHEN TO USE

Term start, scheduling weekly classes, allocating classrooms, and assigning faculty.

💡 WHY TO USE

Eliminates room clashes, manages classroom capacity, and creates structured academic schedules.

- 📄 Batch & Timetable Setup SOP

1 Create Batch:

Go to /batches, click + Create Batch. Define Course Name, Max Capacity, and assign Tutors.

2 Create Sessions:

Go to /sessions to schedule weekly recurring class slots.

8. Daily Student Attendance & Heatmap Analytics

TUTOR & ATTENDANCE

WHERE TO USE

Route: /attendance
Classroom Operations Section

WHEN TO USE
