1. System Authentication & Login Screen Guide

Each coaching institute logs into CoachGenie through its assigned tenant subdomain.

1.1 Step-by-Step Login Instructions

- **Step 1 (Subdomain):** Enter your coaching institute subdomain (e.g. `demo`). This loads your institute's isolated database tenant.
- **Step 2 (Credentials):** Enter your assigned email address and password.
- **Step 3 (Authentication):** Click **Sign In**. Session cookies (`cg_access_token`) are issued automatically.

SECURITY NOTICE: Passwords must be at least 8 characters. After 15 minutes of inactivity, session tokens expire automatically for security.

2. Executive Owner Dashboard Overview

The Owner Dashboard (/dashboard) provides a real-time high-level view of coaching institute performance.

3. Sales Leads & Kanban Pipeline Guide

Counselors manage prospective student inquiries using an 8-stage interactive sales pipeline (/leads).

3.1 Pipeline Stages & Actions

- **Stages:** New → Contacted → Interested → Demo Scheduled → Demo Done → Negotiation → Enrolled → Lost .
- **Adding a Lead:** Click + Add Lead, fill full name, mobile number, target course, and lead source.
- **Converting a Lead:** Click Convert Lead when a student enrolls to populate their record directly into Admissions.

4. Admissions & Student Directory Guide

Admissions applications and active student directory entries (`/students` and `/admissions`).

2 students

4.1 Admission & Student Record Workflow

- **Student Directory Table:** Search students by name, enrollment number, or phone. View batch enrollments.
- **Admissions Verification:** Review uploaded student documents, approve applications, and auto-generate unique enrollment IDs (e.g. `STU-2026-001`).

5. Fee Invoices & Payment Billing Guide

Manage student fee structures, invoice generation, and payment logs (/fees).

5.1 Recording Payments & Automatic Status Updates

- **Creating an Invoice:** Select student, choose fee template, specify total amount, discount, and due date.
- **Recording Payment:** Click **Record Payment**, enter payment amount (e.g. ₹5,000) and mode (Cash/UPI).
- **Auto State Settlement:** When total paid equals total due, the invoice status automatically updates from **PENDING** to **PAID**.

6. Batches & Syllabus Topic Tracker Guide

Manage batch schedules, assigned tutors, and subject syllabus completion percentages (/batches).

6.1 Syllabus Topic Status Rules

TOPIC COMPLETION STATE	TUTOR ACTION	SYLLABUS % CALCULATION EFFECT
Not Started	Default state for new subjects	0% progress assigned to topic.
In Progress	Marked during active teaching weeks	50% weighted progress calculation.
Completed	Marked upon topic completion & revision	100% progress assigned to topic.

7. AI Copilot Learning Assistant Guide

Students, tutors, and owners can interact with the AI Copilot (/ai) for intelligent coaching assistance.

7.1 Copilot Capabilities

- **Student Learning Insights:** Ask questions regarding subject concepts, syllabus topics, and exam preparations.
- **Performance Analytics:** Generate automated student performance reports and improvement suggestions.
